

UPPSALA SIAM STUDENT CHAPTER MEETING

KRISTIINA AUSMEES

1. PRESENT

Faculty members: Stefan Engblom.

Student members: Robin Eriksson, Gong Cheng, Igor Tominec, Kristiina Ausmees, Malin Källén, Jonatan Werpers, Fredrik Wrede.

2. ELECTION OF OFFICERS FOR THIS YEAR

The following candidates were nominated:

President: Robin Eriksson

Vice President: Ivo Dravins

Secretary: Igor Tominec

Treasurer: Kristiina Ausmees

All candidates were elected in unison, and assume office immediately. Ivo was elected in his absence and later accepted the position.

3. DISCUSSIONS

Possible excursions were discussed. Robin has been in contact with McKinsey & Company about organizing an event during 2019. They will meet in January and speak further. Stefan has spoken to contacts at our faculty about organizing local SIAM talks, possibly as lunch seminars. The budget should allow for this, otherwise there would also be the possibility to get sponsorship from the university. We also decided that we will start reconsidering past visits, starting by holding a vote to see which ones there is the most interest for among the current students. The main contenders are ABB, Forsmark, Ericsson and Comsol, and possibly others. It was also decided that a goal for 2019 will be to involve more students from other divisions, and that this should be kept in mind when making decisions about what events to organize.
