

### **Checklist for Master thesis projects - After the presentation**

1. After the approved presentation, you include in the report the changes that you and your reviewer find appropriate, considering the opponent's comments
2. Send the corrected version of the report to the reviewer via Urkund. The reviewer or the thesis coordinator gives you the e-mail address to Urkund. When the reviewer has approved the report, he or she sends it to the examiner and the coordinator. The thesis coordinator will send the application form to the reviewer and then to the examiner
3. Apply for a thesis report number
4. The examiner approves that you can register and deliver your report to DiVA, the digital publishing database. If the report is confidential, it will be delivered to DiVA, but not published. Send the complete report to the coordinator to get it registered in DiVA
5. If you want a printed version of the report, please contact your reviewer and his or her department
6. Make sure you get opportunity to fill in the form for evaluation of the thesis project course
7. Apply for your Degree at the Graduation Office downtown Uppsala
